We will not make up for days closed due to bad weather.

### **Holidays:**

## **SNACKS AND LUNCH:**

### **Downtown Jewish Camp will provide all snacks and meals.**

The cost for the daily hot lunch is \$7 per day which includes afternoon snacks.

You may provide your own lunch and afternoon snack.

School always provides a morning snack.

Children with allergies such as nuts, gluten-free, egg-free, dairy-free and the like must provide their own snack and lunch. The food must be dairy and kosher. We cannot heat or cool food items, so please be sure to send lunch in temperature-controlled – insulated containers such as a thermos. We are not a peanut and tree nut friendly school and each class will be assessed by the enrolled students' needs. Food brought from home will not be shared with other children out of respect for the individual kosher and dietary restrictions of each child.

## **CLOTHING:**

Downtown Jewish camp does not have a set dress code and children are welcome to wear appropriate play clothing of their choice. Please bear in mind that the children will be playing outside and with a variety of materials and mediums throughout the day. Children tend to get messy and dirty. As noted on the supply list, please send a smock to be kept in the classroom for your child. Although teachers try to ensure they wear smocks, sometimes their creativity carries them away.

Any soiled clothing will be sent home in a plastic bag. Please make sure your child has a complete set of clothing at the school in case of an "accident". Make sure the clothing is clearly marked.

We have a camp t-shirt that all children must purchase. They are welcome to wear them every day.

We encourage them to wear them Fridays for the Shabbat party.

Please check periodically to see that the clothing fits your child and is appropriate for the weather. Children should wear sturdy, well-soled shoes, that will be practical and comfortable for them to wear at all times during the day, whether they are in the playground, sandbox, or in the classroom. Tennis shoes are the recommended footwear for their comfort and safety. Please send along appropriate jackets or sweaters when the weather gets cooler so that the children will be comfortable while playing outdoors. There are designated swim days however we do anticipate the children getting wet every day at camp. As per the supply list please send in a bathing suit and towel every day as well as swimmers.

## **DROP OFF AND PICK UP:**

The camp begins at 9:00 am sharp and ends at 3:00 pm. We ask that you cooperate with our school policy and not bring your child before 9:00 am, or pick them up after 3:05 pm, except when pre-care/aftercare arrangements have been made

**At this time there is no after care on Fridays | Fridays end at 3:00pm**

## **HEALTH AND SAFETY:**

### **Fire/Disaster Drills:**

During the school year, we conduct fire and disaster drills teaching students our safety procedures in a non-frightening manner. During fire drills, the children will practice evacuating to a safe location away from the building. During disaster drills, the children will practice evacuating to the innermost hallways away from windows and doors.

During Lock down the children will be ushered into the bathrooms or protected under tables and chairs while the teachers barricade the doors.

### **Vaccinations and Immunizations:**

Broward County requires that all Health and immunization records be completed and presented to the school/ camp prior to opening day, in order for your child to be admitted to class.

### **Toilet Training:**

Children in the 2-year-old group do not need to be toilet trained. We are happy to assist in the training process with children who are toilet training at home for at least one week and can verbally communicate their desire to use the restroom. Be sure to send plenty extra underwear. For all diapered children, parents must provide diapers, wipes and scented bags for disposal.

### **Minor Injuries & Illness:**

Our school/camp is well equipped to handle minor injuries such as superficial cuts and bruises. If we have any questions as to the severity of an injury, we will contact parents at the emergency numbers we have on file. An incident report will be sent home. Parents will be contacted in the event their child becomes ill or injured at school/camp. The faculty will use their own discretion to determine if the child is well enough to remain at school.

## **Illness: DJP COVID guidelines and protocol supersede all others**

Children must be kept home when they have the symptoms of a contagious illness or if they are not feeling well. This policy protects the recovering child, whose resistance to new infection is low, as well as his/her classmates and teachers. If your child requires medication upon returning to school, please stop by the office to complete a Medication Authorization Form. We certainly hope that everyone stays healthy, but we must state our health policy for the record. Our primary consideration is for the well-being of all campers and staff. So, while it is normal and even healthy for young children to be sick in the early years (it helps develop a strong immune system), communicability remains an important consideration in deciding if a child is well enough to be in school. Written communication from a physician must be provided regarding a child who has a condition that poses no threat to himself or herself or anyone else, in order for that child to remain in school/camp.

We reserve the right to ask you to keep your child home until we feel comfortable having the child back in school regardless of the doctor's. Note.

Keep your child home if he or she has:

- Diarrhea– acute diarrhea, characterized as twice the child's usual frequency of bowel movements with a change to a looser consistency within a period of 24 hours
- Vomiting – one or more episodes of vomiting within a period of 24 hours
- Fever – elevated temperature over 100.5 F within 24 hours
- Strep throat– sore throat or constant cough
- Conjunctivitis – red eyes with a discharge –often a sign of conjunctivitis (“pink eye”), and highly contagious. When these symptoms accompany a non-contagious condition, we must have a doctor's note.
- Rashes – skin rash, excluding diaper rash, lasting more than one day
- Runny nose, especially with green mucus
- On Antibiotics– begun an antibiotic for a contagious condition less than 24 hours ago
- Chicken Pox: Child may return to school when all lesions are crusted over.
- Head Lice: The DJP honors a no-nit policy. Child may return to school after the removal of all lice and nits.
- Pin Worms: Child may return to school 24 hours after treatment.
- Fifth Disease: As known as Parvovirus, Fifth Disease is a mild illness and not serious in healthy children. However, it can cause serious complications during pregnancy. Because there could be pregnant employees and parents at our school, we ask that your child stay at home if you notice any symptoms such as low-grade fever, tiredness, or cold-like symptoms. Once

your child breaks out in the rash (which looks like slapped cheeks and/or a lacy itchy rash on the trunk of the body) they are no longer contagious.

- Fussy – been fussy, cranky or out of sorts for the last 12 hours
- Had very little sleep the night before
- Hand foot and mouth dots and or sores

Children can return to school 72 hours **after** the fever or symptoms have disappeared. Children too sick to participate in full program activities, including outside play, should be at home. Please call school/camp when your child is absent due to illness. If your child becomes ill in school/camp, or if we notice any concerning marks or fever at 100 or more, we will call you to take him/her home. If we can't reach you, designated emergency numbers will be called. Any other arrangements for the care of a sick child must be given to the office in writing. **The school reserves the right to determine if a child is well enough to be in school.**

Each morning, the teachers/counselors in each room will conduct a quick health check on each child as they arrive. They will check for runny noses, fever and any other common symptom. They will also be noting down any bruises or bumps a child may have.

## **DISCIPLINE POLICY:**

Discipline at DJP will take the form of positive management. Our goal is for the child to learn self-management skills and inner control through participation in a safe, loving and well-planned environment. Children are provided with consistent routines and realistic limits and expectations.

Our teachers and staff are all trained in the world-renowned Conscious Discipline Program. Our classrooms are equipped with “feeling buddies” and a “quiet space or safe space”.

Parents are encouraged to explore Conscious Discipline at your own convenience.

Children shall not be subjected to discipline which is severe, humiliating or frightening. Discipline shall not be associated with food, rest or toileting. Spanking or any form of physical punishment is prohibited. We ensure that age-appropriate, constructive disciplinary practices are used for children in our care.

For more information about our Conscious Discipline program visit [consciousdiscipline.com](http://consciousdiscipline.com)

## **A FINAL NOTE:**

The DJC is a collaborative project between the Downtown Jewish Center and our community. We need your input and support to make this project flourish. We depend on your feedback to create a better product, and welcome suggestions, volunteer hours, and contributions. This community project will flourish as we partner to build a meaningful Jewish experience for our families.

Through our combined efforts we can create an environment of warmth, discovery and learning.

## **Thank you and Welcome!**

Sincerely,  
Devorah Kaplan
